"A knowledge of history is, above all, a means of responsibility—of responsibility to the past and of responsibility to the future...of responsibility to those who came before us and struggled and sacrificed to pass on to us our precious inheritance of freedom...and of responsibility to those who will come after us and to whom we must pass on that inheritance with what new strength and substance it is within our power to add."

109-109-109

John Kennedy's words, poignant the more by his brutal passing, define The Herald's weekly attempt at encompassing the sum of its field.

Not violence, alone, not family, alone, not progress, alone, not comment, alone, are a newspaper's parview. Trivia, yes, tragedy, yes, comings and goings, yes, football, yes, but yeses more than we can count are the real substance.

It is continuity of all these threads, going straight ahead into a community's future, looking neither left, neither right, without understandable direction, but for some chronicle of local perspective.

For the world's dimension of four makes academic the question of what is physically forward and back, up or down. For the world's memory of the past is forever vague, forever brief.

The Herald helps remember, even in the context of Kennedy's dictum, what happens in Cameron and Milam County.

109-109-109

Perhaps it is the chance of seeing an old Central Texas town reverberate with change it has not seen, in the words of natives in their 60's, in more than half a century.

Perhaps it is because we are right in believing that what we here do, now, today, and each day of a week, and each year of weeks is important, and done properly, as Kennedy among others saw the need, is worth saving for a generation which now has a future in this old town.

Perhaps it is because this newspaper is an institution going for 110 years, its heritage imbuing its writers and readers with a sense of values the world seeks, grasps at and hopes to re-encompass...if its various and continuous madnnesses, like the one that killed John Kennedy, allow.

Perhaps it is because readers know their "sixth sense" is history, which even a weekly chronicle, the smallest measurer of it, scans and causes to remember.

Hold 6-1 Season Record ...

Jr. Yoemen Rack Up Wins

Like your football games short and fast? There's a Cameron team playing tonight at 5 o'clock with a season record that promises a great year for the 1973 Yoe Varsity.

Ada Henderson's seventh grade team has won six of seven games played this season and faces Round Rock Thursday (tonight) on Yoe Field looking for their seventh win.

Coach Roger Williams has taken about 35 boys and produced a group that turns the hour-long games into fast-moving miniatures of the big thrillers.

He said it is unusual for a beginning team to win so consistently. "This is an outstanding bunch of boys," Coach Williams said.

The team started the '68 season with a scrimmage against Belton to begin a win column that includes: Rockdale, 20-8; O. J. Thomas, 28-6; Hearne, 32-8; Elgin, 36-8; Caldwell, 14-6; Georgetown, 20-12.

Fund Drive Goes Over 50% Mark

The St. Edward Hospital development fund went to \$129,259.56, according to Robert Ellett, drive chairman.

Last report was \$106,450 about two weeks ago.

The new total includes a \$10,000 pledge from the St. Edward Hospital Women's Auxiliary.

The drive that began at a September 10 kickoff dinner, keynoted by Dr. Howard Smith, of Marlin, former president of Texas Medical Association, has now gone over the 50 percent mark of the \$250,000 goal.

Already committed are \$500,000 in Hill - Burton funds and a \$250,000 pledge from the Sisters of Charity of Incarnate Word who administer the Cameron hospital and others in five states and overseas.

Library Display For Childrens Book Week

Children's Book Week, Nov. 17-23 will be observed at Cameron Public Library with a display of books on loan from the State Library at Austin.

Miss Louise Jamison, librarian, said special emphasis had been put on the children's section in recent years with the result that an unusually wide variety of picture and story books are available for the young reader.

Leading scorers are Ernest De La Rosa and David Hollas. Last Thursday's game with Georgetown saw halfback Hollas run 20 yards on an interception pass and fullback De La Rosa scoring twice on outside tackle plays. Hollas racked up two extra points on a run up the middle on a cross-butt play. De La Rosa's drive for another TD was stopped by a lone tackle on an otherwise open field.

Each game is followed by a short scrimmage to let each boy see action on the field. Coach Williams works with three lineups, interchanging two during a game.

Coach Williams is a 1968 graduate of Southwest Texas State. He said he has had lots of help and advice from the other Cameron coaches, but says "coaching isn't all of it. The boys make up the team, and this is a real fine bunch. All of them are standouts."

City Fire Leaves Mother, 5 Children Homeless Tuesday

Fire destroyed a home in the 1200 block of West 7 1/2 Street early Tuesday leaving a mother and five children homeless. The father returned from Army service in Vietnam in June and is presently stationed at Ft. Bragg, North Carolina.

The fire was reported at 8:50 a.m. and firemen fought the blaze until 10:30 a.m. Cause of the fire which destroyed the house and all its contents has not been determined.

Mrs. Patricia Stephens and her children, two boys ages 7 and 8, and three girls ages 3, 4 and 5, are temporarily staying at the West Housing Unit with Mrs. Pearl Ella Carter.

Bids Asked For 50 Housing Unit

Housing Authority of the City of Cameron is advertising for bids for construction of a \$750,000 low-rent housing project and community building. Department of Housing and Urban Development allocated \$753,532 for the 50-unit project in February, 1967. Part of this allocation has been used for land purchase.

August Kunz, chairman of the local Housing Authority, said bids would be opened at 2 p.m. December 10 at the East Housing Unit office, 20th and Washington Sts. He said construction should be underway before the end of December.

The 50 new units will be of brick construction and will be built on two separate sites.

Site A for 14 regular family units of two and three bedrooms will be constructed at the east side of the present 36-unit housing complex at 20th and North Wash-

ington.

Site B of 36 duplex units for the elderly will be in a 3 1/2 block area north of Newton Hospital. These units will be one bedroom with special facilities in kitchen and bathroom for elderly residents.

The community building will also be built across from Newton Hospital. It will be brick outside and probably with concrete tile interior according to Kunz.

The Housing Authority presently includes 50 low-rent units at two sites. Thirty-six units are located at 20th and Washington and 14 units on East 12th Street.

The new units, like those now in use, will be of one-floor design with brick veneer exterior, concrete slab, tile floors and finished sheetrock interior.

Fred Starnes is executive director of the Cameron Housing Authority.

Season Finale For Yoe ...

Dragons Invade Cameron

If you don't weigh at least 187 pounds, you are almost below average for the Round Rock Dragons, coming to Yoe Field for the season finale 8 p.m. Friday.

Program lineup on the Dragons shows eight players ranging from 187 to 234 pounds, probably the biggest team the Yoemen have faced all year.

The Yoe will field the same starting lineup, headcoach Hal Stanislaw said this week. Still injured and out for the final game are end John Hosch and guard Butch Bryan.

Round Rock's size is at least as big as Georgetown's 181-pound line average, but weight, if that means anything, goes with three of the Dragon backs.

They are: Bob Herber, 193 pound fullback who, Stanislaw says, cracks through opposition lines with strength.

Chris Walsh, a 196-pound quarterback, who is a good passer.

And Monroe Daniels, a 189-pound back.

As if size wasn't enough, the Dragon's Chester Caldwell, at a comparative flimsy 153 pounds, runs a 9.9 hundred.

Five prep-school giants also help man the Dragon defensive line, including center Phil Savage, 192 pounds; guard Steve Gonzales at 187; tackles Ronnie Wheeler at 234 and Roger Malmstrom at 196; and end Robert Esco at 203.

Cameron's defensive stalwarts include tackle Darrel Fisher, guards Martin Mueck and John Mayer, defensive end John Bailey and linebacker Norman Trube.

Round Rock brings a 7-2 record which is marred in 19-AA competition only by a 26-8 loss to the fleet-footed, big-defense George Eagles.

Cameron's district record going into the final 19-AA contest is 1-2-1.

Cameron's offensive backfield will again see Brashear at quarter, Steamer at wingback, McLerran or Bert Anderson at halfback and Schugat at fullback.

The starting line will probably be: Jerry Richardson or Dennis Crouch at one end, Tom Terrell or Greg Williams at the other; Fisher and Ronnie Richardson at tackle; Mueck and Urban at guard and Cavanaugh at center.

No starting lineup was available for the Dragons. But the game promises a collision, once again, of powerful defensive units.

Art Classes Tour

James Brock Studio

Ben Milam 2nd and 3rd graders visited the studios of Western artist James Brock Tuesday. The 240 elementary students toured the studio north of Cameron in class groups as an art field trip.

Brock, who has gained recognition for his western sculptures, will also give a demonstration for 4th grade students at Ada Henderson School next week.

Frosty Mornings Add Fire Danger

Frosty mornings with the view outdoors of autumn leaves, are too often pierced by the shrill sound of the fire siren.

Unattended fires, clogged chimneys and flues and old furnaces are among the major causes of fires in the first weeks of cold weather, according to John Andres, Cameron Fire Marshall.

"Almost every year we have a call to a house where a fire has been left all night and the next morning kerosene, thrown on the still-hot coals, causes an explosion," Andres said.

Furnaces put into use without maintenance after sitting idle all summer, are another frequent cause of house fires in mid-autumn.

Andres said three house fires this past year were the result of leaving a house unattended while food was cooking. "A woman will start dinner, then leave the house to get something at the store," Andres said. "Maybe she will get into conversation with someone or for some other reason forget that she has left food cooking at home. When she gets back the house is either gone or badly damaged by fire." He added "It's just never safe to leave a house while food is cooking."

Game time is 7:30 p.m., with recognition of players' parents before kickoff time. The 1968 Football Sweetheart will be crowned at halftime.

Sweetheart candidates are: Beverly Miller, freshman; Bridgett Barfield, sophomore; Barbara Reese, junior; and Valery Yoakum, senior.

An open house will be held in the High School Library from 12 to 4 Friday afternoon.

Sterling Kelly and 'The Hearts' of Waco will furnish music for the homecoming dance in the school cafeteria after the game. Admission will be \$2 per couple and \$1.50 single admission. All exes and friends are invited.

Homecoming At Milano Friday

Milano Eagles host Oglesby Friday night for the annual Milano Homecoming. Festivities will include open house, recognition of football parents, crowning of a Sweetheart, and a homecoming dance.

THREE PLANTS LIST INCREASE, SURVEY SHOWS

Industrial employment will increase by more than 40 additional jobs in three Cameron plants, a Herald survey shows this week.

As construction of water-sewer service is scheduled on a North Cameron extension, Walled Lake Door Co. is planning a 24,000-square-foot expansion of the Cameron plant.

Plant manager James Wilkinson said that about 25 additional employees will be added when the expansion of plant facilities are completed on both ends of existing facilities. Total employment then would be about 75.

Plant manager James Wilkinson said that about 25 additional employees will be added when the expansion of plant facilities are completed on both ends of existing facilities. Total employment then would be about 75.

Plant manager Charles Wicksham said employment will be at 70 employees by the end of November and up to 80 in two more months.

Cliff Logan, president of Magna-Craft, Inc., reported that payroll is up to 32 and plans anticipate adding another eight employees by March, 1969.

Total employment of the three plants, two of them new to Cameron this year, would be about 185 jobs by spring, 1969. Net gain of industrial employment will be about 135 jobs in 12 months.

Another firm, Royal Seating Corp., of Cameron, has advertised for employees in at least eight categories. According to deed records in Milam County Courthouse, the firm has purchased about 10 acres from Cameron Industrial Foundation, Inc.

Magna-Craft formally opened its operation in the former McLane Co. building in September, anticipating about a 25-employee operation the first year, but has gone to the current 32.

Cam-Tex, Inc., recently purchased by Clyde Hensley, Jr., formerly of Milam County, and Edison T. Russell, of Dallas, started with employment of about 15 last spring as an affiliate of Sunny Isle Manufacturing, of Dallas.

Walled Lake Door Co. began operation in Cameron about 12 years ago and has employed from 40 to 50 persons since opening. The two 12,000-square-foot additions are the latest, and largest expansions at the Cameron plant.

The extension of the water-sewer system to North Cameron and the industrial area will provide water service which will also include a sprinkler system at Walled Lake Door Co.

BAND BOOSTERS MEET

Yoe Band Boosters Club will meet Monday, Nov. 18 at 7:30 p.m. in the Band Hall. Everyone is invited to attend the meeting and meet Bob Carney, new band director. New band hall chairs purchased by the Club will be on display.

Black Leads Candidates

Court Canvasses Votes

Milam County Commissioners Court Monday canvassed votes from the general election November 5, correcting the unofficial tally in three instances, all uncontested races.

Commissioners also accepted a bid from Gaither Motor Co., Rockdale, for a truck for Precinct 3. Gaither Motors low bid was \$3,135. Miller Buick - Chevrolet was the only other bidder.

Commission Blasts DOT Proposals

AUSTIN — The Texas Highway Commission today leveled a blast at the U.S. Department of Transportation, charging the federal agency with "cynical disregard for the safety, the wishes or the welfare of the American motorist through continual delay of and interference with the Highway Program."

Commission Chairman Jack Kuitgen was vehement in his criticism of the proposed regulations. He declared:

"This is absolutely and completely contrary to any intelligent approach to highway planning. It places the inexperienced judgement of laymen against the combined professional judgment and experience of the entire highway department engineering and administrative staffs."

"If these regulatory policies are permitted to stand, any disgruntled individual or special interest group could forestall a highway project indefinitely — for years. Meanwhile, motorists by the score could be dying on an inadequate, overcrowded facility which the new highway would replace."

Kuitgen's remarks had the enthusiastic support of the other two members of the Commission, Herbert C. Perry Jr. of Carrizo Springs and Garrett Morris of Ft. Worth. Said Perry:

"This is not the first-but the latest — move on the part of the Department of Transportation to stall the national highway construction program. DOT spokesmen have made no bones about the fact that they want to divert highway user tax revenues in the federal highway trust fund-paid by motorists of Texas and other States — to construction of mass transit systems in some of the eastern urban areas."

"Some DOT planners see all highway matters centered in the problems of urban ghettos. The DOT ignores the fact that our whole economy is based upon the movement of goods and people over the highways" Petty said.

Intrigue, Action In 'Executioners'

The Executioners, by Ronald, Seth, now available at The Cameron Public Library.

Feeling relaxed about the quieting cold war between Russia and the West? The story of SMERSH and its tradition of terror will reawaken you.

The Executioners (SMERSH) by Ronald Seth is a new book at the Cameron Public Library.

In "The Executioners", Seth chronicles a history of the Russian spy organization that has terrorized heads of state and toppled countries. The new non-fiction book reads like a mystery novel with all the action and intrigue of James Bond. But it is dead serious—it is the story of an actual organization whose sole function is to destroy men.

In a detailed story of the murder of Jan Masaryk and the role SMERSH agents played in Czechoslovakia in 1948, Seth asserts, "Subversion can flourish in the guise of liberty of the individual and if the subversionists are cunning men, backed by powerful allies, they can wreck any democracy almost undetected." Such

was the case in Seth's account of the takeover of Czechoslovakia.

Seth draws on his years as an intelligence officer in the Royal Air Force, defectors' confessions, court proceedings and British security department notes for his alarming account of the ruthless activities of the SMERSH organization.

It is the little-known background of Stalin's Great Purge, the communist involvement in the Spanish Civil War, the takeover of democratic Czechoslovakia and the continuing string of deaths and disappearances of former agents and Russians in exile.

In a chilling conclusion Seth says, "If there is any man who still believes in the possibility of genuine peaceful co-existence between Communism and Democracy, may I urge him to think again, in the light of what is recorded here. For this story of SMERSH is only a small indication of the lengths to which the Russians and their fellow - travelers are prepared to go eventually to bring the whole world under the Russian roof."

Christmas Mail Deadline Nears

By Christine Laws

People mailing Christmas packages overseas have several rates from which to choose, each with a mailing deadline.

Packages via regular mail should have been sent by Nov. 9 to insure arrival before Christmas, according to Post Office officials.

Packages sent air mail, the most expensive rate, should be mailed by December 11. Packages marked SAM are shipped by train or truck to the coast where they are flown to their destination as plane space is available. These parcels should be mailed by November 23, say postal authorities.

Packages marked PAL are parcel air lifted. These are flown overseas from where they are sent when space is available. November 30 is the deadline for parcel air lift.

Proper wrapping is your best insurance that mailed packages will arrive undamaged. Moisture proof cellophane or aluminum foil is best for interior wrapping to prevent moist foods from drying.

Heavy boxes or tin or rigid plastic containers with tightly fitting lids fare well when shipped. Crumpled tissue or newspaper in corners and around items cushion food. Ready-to-eat cereal or unbuttered popcorn also can be packed around the items.

Wrap cookies individually or in pairs, back to back and fasten by twisting the wrapping or using tape to secure it. Food should be cool before it is wrapped.

Close the package securely and seal it with cellophane tape. The Post Office Department suggests enclosing a list of the items in the package.

Outer wrapping also is important. Use durable brown paper. If the package especially is fragile, encase the container in heavy corrugated paper before wrapping.

Print the name and address of the receiver and your own on the top and bottom of the package. If you use labels print the addresses on the wrapper also, in case the label comes off.

Packages should have labels saying "This parcel may be opened for postal inspection if necessary." "This side up" and "Fragile."

NEW LAW GIVES Education Benefits To Veterans Widows

The President has signed a new law giving educational benefits to widows or wives of veterans who died of service - connected causes or were totally and permanently disabled because of military service.

Jack Coker, Manager of the Veterans Administration Regional Office in Waco, said today.

After December 1, 1968, when the new law goes into effect, those widows and wives will be eligible for the same VA educational assistance now available to sons and daughters of veterans who died or are permanently and totally disabled as a result of military service, he added.

Payments will range from \$130 a month for full-time training (up to a maximum of 36 months) down to \$60 for half-time training.

The new law also gives veterans separated from service after January 31, 1955, one and a half months of education and training entitlement under the current Post Korean GI Bill for each month of military service after January 31, 1955. This is a change from the present ratio of one month of entitlement for each month of service.

WORSHIP IN CHURCH

and get a spiritual lift for the whole week

... continuing with the Golden Rule. And it is doubtful if any words of Jesus have been quoted more and with approval. *It strikes our conscience and our reason.* Therefore, "As You Would." That puts the Rule on a very personal basis... better take a look at yourself before you look at your neighbor. Do you know your mind? What do you want for yourself... health, wealth, honor, knowledge, favor and forgiveness of God? If you had three wishes that would be granted, how would you select them from the myriad claims upon your devotion? Paul lists the ends for which he strove... "love, joy, peace, patience, goodness, faithfulness, gentleness and self control." Was he wise? Would you put material values above these personal virtues? What goods are necessary and which of them could you do without? Perhaps it would help to reflect on your record. Actually, it will be decided exactly... "AS YOU WOULD."

You In The Church
The Church In You

RHS Club Presents

Program For PTA

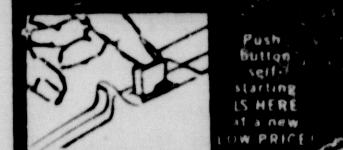

The Medical Careers Club of Rogers High School presented the program, "Tensions in Families" at the Rogers PTA meeting November 11. Mrs. Jine Logan, assistant director of the Bell County Mental Health and Retardation Program was guest speaker.

Reports on the annual carnival showed that 1,670 barbecued chicken suppers were served.

The executive committee announced that Mrs. Edwin Psenick, PTA resident, was named as delegate to the state convention. Mrs. Floyd Fritts and Mrs. Woodrow Chervenka will represent the County Council and the district at the state meet.

The March program will be led by Miss Patsy Lewis' English IV class.

"America Has a Good Thing Going—Its Schools." This is American Education Week, November 10-16. The President said "it is my deep conviction that our noblest national task is to lead each citizen to fulfill his own potential." Just thought I would remind all of us of our responsibility for good schools and they never get so good they do not need improvement.

Last week on Tuesday night it was fiesta time for the Spanish Club. The pinata added much thanks, Kathryn. The party was a lot of fun and Doris and Mary Ann had the place jumping with a hat dance. They were good. The decoration committee must have worked overtime to fix it all up like it was. Miss Almazan, everyone had a great time, and we were glad to have Miss Smith and Miss Kozel as guests.

Mark, were you at home Monday afternoon for that important phone call, or do you have a direct line to the field? And, Marilyn, you got a call Friday, didn't you?

Gina, your new car is really neat! Instead of a carpool, we need to form a gasoline-pool. You are so good about taking all of us.

No more note passing! Do you agree, Rebecca and Janet?

The dance in Temple last Saturday night was just great. The U.S. Male was the best band there. You don't note a tone of prejudice, do you? Just in case one person might read this and not understand—the U.S. Male is from Cameron. George, you bring nice friends home with you.

When you buy a fold-up umbrella, be sure you get the instructions. Miss Kozel can explain this.

John Ben, when did Dentyne gum become a part of stew?

It was some cold last Friday night—but some Yonem backbrs braved the weather. Come this Friday for our last game of the season and make it a big one.

Speaking of football made me think about all of the after-game fellowship parties at the Baptist Church. They always have the place all decorated and their menu fits the same theme. The parties are great—many thanks.

Marek-Burns Funeral Home was in charge of arrangements.

Federal Court Fines Livestock Dealer

Jerry Lester Yancey, Conroe, has been fined \$23,500 and permanently enjoined by a Federal Court for violating bonding requirements of the Packers and Stockyards Act, the U.S. Department of Agriculture said.

He buys livestock in southeastern Texas.

The U.S. District Court for the Southern District of Texas, Houston Division, enjoined Yancey from buying and/or selling either as a market agency or as a dealer unless he has filed a reasonable bond as required by the Act. The civil action was brought against Yancey because he disobeyed two administrative orders issued by USDA's Packers and Stockyards Administration (P&SA).

County Cooks Baking For Saturday Show

Pecan growers and county cooks will show off their work Saturday in Rockdale when the Milam County Pecan Food Show gets underway at 9 a.m.

The food show will have adult and junior divisions, with six classes: pies, cakes, cookies, yeast breads, quick breads, and candy. The top three adult winners will receive ribbons and all junior entries will get ribbons.

The show will be held in the McGraham building in the 200 block of North Main in Rockdale.

GOLD STAR AWARDEES — Viola Lamere, Rt. 3, Rockdale and Melvin Hollas, Rt. 4, Cameron received the Gold Star Awards for their achievements in 4-H work in Milam County.

4-H CLUB NOTES

By Fred Schuetze

Melvin Hollas and Viola Lamere, Milam County's Gold Star boy and girl, were honored, along with 34 other Gold Star boys and girls at the District 8 Gold Star Awards banquet Saturday at Tarleton State College.

Melvin, son of Mrs. Hugo Hollas, was selected for the outstanding work he has done in his 4-H Club and community. He is president of the Countywide 4-H Club and has been a 4-H member in Milam County for eight years. He has been an active junior leader in his club and the 4-H Council.

His projects, during his eight

years of 4-H Club work, were dairy, poultry, field crops, swine, recreation, home improvement, and junior leadership.

Melvin has been active in summer camp, Christmas parties, 4-H achievement programs, District 8 leadership congress, and dairy scramble at the Houston Livestock Show. He is a member of the Poultry Judging Team which won second at the state contest in 1968.

Melvin entered his record book in dairy this year and won first in county and first in district. At the local Awards Banquet Melvin will receive the Dairy Award.

Viola, daughter of Mr. and Mrs. Lloyd Lamere, is a member of the Minerva 4-H Club and has been in 4-H Club work for six years. Her projects have included clothing, foods and nutrition, recreation, health, junior leadership, food preservation, home improvement, and community beautification.

She entered the dress revue for four years and this year represented Milam County as a hostess in the district dress revue. Last year she served as narrator for the county dress revue.

In 1967 she was a delegate to the District 4-H Congress in Stephenville.

She is a junior leader for her local club and on the county basis has helped with recordbook workshops, 4-H Awards Banquet program, and county 4-H camp.

Viola was a member of the county Senior Civil Defense Team which participated in the district contest.

She is serving as president of her local club and is a member of the Milam County 4-H Council. At this year's banquet she will receive the county dress revue award.

Viola is a junior at Rockdale High School where she takes part in many activities.

Some people find our bumpers a great disappointment.

Small wonder. Putting a dent in an Endura bumper section, with anything from a ten-pound sledge to Sadie's bumbershoot, is like trying to stop an elephant with a cap gun. There's just no way.

You see, Endura is a remarkable substance that looks like ordinary painted sheet steel, but isn't. So instead of dinging up like metal, it "gives" and then springs back.

What's more, the color-matched finish is impregnated,

not just laid on. So it resists cracking, peeling, fading . . . all those things that drive most car owners up the wall.

Where do you find these unbeatable, unrustable bumpers? At your local authorized Pontiac dealer's, of course. On any Bonneville, Executive, Catalina or GTO.

As long as you don't waste a lot of your valuable time trying to ding one, you won't be disappointed.

CLUB PROGRAM SHOWS GERMAN CZECH HERITAGE

Mrs. Walter H. Lester hosted the Pleasure and Profit Club on Thursday, November 7.

The program, presented by Mrs. E. J. Burkes, was on the history of the Czech and German nationalities, their entrance into the States, their contributions to Texas, and the settlements of Fredricksburg and New Braunfels.

The 16 members and three guests were invited to the dining room where refreshments were served from a linen laid table, centered with an arrangement of white chrysanthemums in cut glass containers. Mrs. Guy G. Griffith presided at the silver coffee service, and Mrs. Franklin Drgac served pumpkin pie topped with whipped cream. Other refreshments were ribbon sandwiches, olives and nuts. Guests for the evening were Mrs. Frandis Drgac, Mrs. Guy G. Griffith, and Mrs. Sam Brewer.

MISS SIPULA, MR. VANSAY WEDDING VOWS

Miss Annie Mae Sipula, daughter of Mr. and Mrs. Mike Sipula of Cameron, became the bride of Alfred Vansa, son of Mr. and Mrs. Frank Vansa of Marak.

Rev. Harry Bilski officiated at the wedding mass and Mrs. Eleanor Tomek presented wedding music.

Given in marriage by her brother-in-law, Eugene Bays, the bride wore a ballerina dress of white net and lace over taffeta. Her short veil fell from a pillbox hat of lace and she carried a bouquet of white carnations.

Mrs. Chester Hays, niece of the bride, was matron of honor and Diane Kropp, niece of the bridegroom was bridesmaid.

Chester Hays served as best man and Maurice Mikulec as groomsmen. Richard Kamenicky and Eugene Hays were ushers.

Following the ceremony a supper was enjoyed by the immediate family members.

The couple will make their home at Marak where Mr. Vansa is engaged in farming.

Cameron Womans Son Is Cited For Engineering Design

A. E. Schmidt, a senior engineer with Sverdrup, Parcel and Assoc., Inc., St. Louis, has won the 1968 James F. Lincoln Arc Welding Foundation Award.

Schmidt is the son of Mrs. V. R. Schmidt, formerly of Cameron and now of St. Louis, and the brother of Mrs. George Hollas, Cameron.

He received \$10,000 for a paper describing the planning, preliminary study, design, steel fabrication and erection of the 2165-ft span to win the foundation's Program for Progress award in the engineering design of arc welded structures. The award was presented by Gen. L. J. Sverdrup, chairman of the board of Sverdrup and Parcel.

Schmidt holds degrees from the University of Texas and Southern Methodist University. He has had major responsibility in designing and engineering other bridges.

Thorndale State Bank reports that deposits in the recent October bank call were up. No other information was available.

Mr. and Mrs. Joseph L. Summers have announced the engagement and approaching marriage of their daughter, Doreen, to Robert Dale Palmer, son of Mr. and Mrs. W. W. Palmer of Temple. The bride-elect is a graduate of Academy High School. The bridegroom attended Troy High School. A December wedding at St. Monica's Church is planned by the couple.

PATRIOTISM IS PROGRAM TOPIC FOR DELPHIANS

The Cameron Delphian Club met in the home of Mrs. E. J. Burkes Tuesday afternoon with Mrs. Howard Baskin serving as co-hostess.

Program topic was Keys to Patriotism. The program opened with the Pledge of Allegiance and singing of "America." Each member answered the roll call with a personal tribute to her country. Miss Mildred Thornton, member of the Cameron Urban Renewal Board, closed the program with a summary of what Cameron has done and is doing for community improvement.

MRS. LOTT HOSTS CLUB MEETING

CEN-TEX DINNER CLUB

The story of several long trips of investigation through Russia and its satellite countries during the past eight years will be unfolded to members of the Central Texas Dinner Club at Stagecoach Inn on Tuesday, Nov. 19, at 7:15 p.m., when John W. Crutcher, lecturer - writer - analyst, tells "How the Other Half Lives in Europe and Asia."

GARNER PROMOTED

Cadet Paul Trantham Garner of Cameron, son of Lt. Col. and Mrs. W. H. Garner, now living in Germany, was promoted to Master Sergeant of D Company, at St. John's Military Academy, Delaware, Wis., for excellence in the performance of his duties. He will have the responsibility of coordinating and executing orders and plans from higher authority as they pertain to his company.

Eagles Take Yoe In 18-6 Mudbath

Georgetown Eagles put the skids on Cameron Yoemen, 18-6, Friday on a cold, muddy Yoe Field, and practically put the District 18-AA title in their pockets.

A wet, blustery night kept most fans home, and the ones who did come huddled close to the press box. Both bands agreed to cancel halftime activities.

The Yoemen were no pushovers for the highly-touted Eagles, allowing only ten first downs to Eagle offense in the game. Cameron's defense, led by wingback Johnny Steamer, held back Eagle attempts.

Cameron's score came at the end of the first half when Robert Brashear threw to end Gregory Williams for a 59-yard play for the touchdown. The kick failed, and the score was 6-6.

The Eagles got in front after eight plays for 57 yards and paydirt. Run for points after was stopped and Georgetown led 12-6 at the end of first half action.

Third quarter Eagle tries were halted by a strong Yoe defense. An Eagle drive from the Yoe 14 was ended by Steamer, John Eisfeldt, Norman Trube and Ken McLerran.

Another Eagle drive bogged down with Yoe tackle Ronnie Richardson applying the brakes.

Georgetown's final score came with 9:06 left in the game. Cameron punted 34 seconds before the third quarter ended, and the Eagles took over on the Yoe 36. Eight plays later Tim Davis ran 14 yards around right end for the touchdown. Davis couldn't complete his run for points after, and Georgetown led 18-6, the final score.

The Eagles District record is now 4-0 with one game to play. A 3-1 Round Rock team fell to Georgetown when they played earlier in the season, but could still tie the Eagles.

The Yoemen tilt with Round Rock on Yoe Field Friday will end play for Cameron, now with a 2-6-1 record.

Eagles Crunch Bremond, 47 - 2

Friday night's cold rain and the Rogers Eagles were too much for the Bremond Tigers as the Eagles took a first quarter lead and kept it for a 47-2 victory.

Eagle quarterback Gene York led off on the scoring with a 64-yard pass to end Mike Schneider in the first quarter. The PAT failed.

Eugene Brenek scored again for the Eagles with a 4-yard wade through the middle. Billy Craft kicked the extra points.

A third Eagle touchdown came at the end of the first quarter when Brenek managed to come around left end 35 yards. The kick was wide.

Second quarter action saw Brenek finish a 26 - yard end run for the goal for another TD. The kick failed.

Bremond's 2 points came from a safety in the second quarter.

York and Wayne Psenick made two touchdowns in the third. York's on a 5-yard journey through the line and Psenick's on a 2 - yard sash through the middle. One PAT was good.

The Eagles wound up the scoring in the fourth quarter with Buddy Allison coming 2 yards up the middle and then running over the PAT. Final score 47-2.

Dec. 1 Deadline For Registering Weapons

DALLAS

Detailed procedures for registering machine guns, sawed - off shotguns, sawed-off rifles, silencers, deactivated war trophies and other destructive devices were announced today by B. Frank White, Southwest Regional Commissioner of Internal Revenue.

The Gun Control Act of 1968 requires that weapons and devices of this type must be registered with the Internal Revenue Service by December 1.

White said that copies of registration Form 4467 are available at Alcohol and Tobacco Tax and other IRS offices.

Firearms or destructive devices should not be brought to an IRS office to be registered, White said.

Under the new law all firearms and destructive devices requiring registration must be identified by a serial number.

Additional information may be obtained by contacting the nearest Alcohol and Tobacco Tax or other IRS office.

OGLESBY NIPS BUCKHOLTS

OGLESBY

Ronnie Sullins passed for three touchdowns and Larry Ross scored twice as the Oglesby Tigers downed the Buckholts Badgers 38 - 25 in a District 10-B game here Saturday night.

The Tigers, now 3 - 0 in district and 9 - 0 overall, clinched at least a tie for the 10-B title, but can lose it to Milano if the Eagles beat Oglesby and Jonesboro. The Badgers' District record dropped to 1-2-0, while they lowered their season chart to 7-2-0.

The Badgers scored quickly and held a 13-12 first quarter lead as Norman Haisler ran over a fake reverse from 19 yards out and passed to his brother Gordon for the PAT to give the Orange a 7-0 lead. Minutes later Haisler passed 21 yards to Richard Kudlacek for a touchdown. The PAT kick failed. Ronnie Sullins' touchdown passes of 15 and 55 yards to Johnny Pitts accounted for the Tigers' TDs.

Larry Ross plunged one yard twice for scores in the second period and broke the game open, giving Oglesby a 26-13 lead, as the half ended. Willie Leo's 40-yard punt return and a scoring pass of 20 yards from Sullins to Pitts pushed the Tigers into a 38-13 lead as the fourth quarter began.

Gordon Haisler's 25 - pass set up another Badger score, tallied by him on a 4-yard plunge. Once again the PAT kick failed, leaving the score at 38-19. With one minute to play the Badgers drove 55 yards to a touchdown, with Norman Haisler passing 11 yards to David Zajicek as the game ended.

The Badgers travel to Jarrell on Friday, November 22, to close out their 1968 schedule against the Cougars. Jarrell is 1 - 6 this season and has lost to the Badgers twice, 54 - 27 and 36 - 0. Game time is 7:30 P.M.

ROGERS CIRCLE PLANS ACTIVITY

The night circle of the Women's Missionary Union of the First Baptist Church of Rogers met on Tuesday to reactivate the Mary Jean Witte Circle. Mrs. Ronald Wimberly, chairman, said the circle plans to be a "mission action" group, and will begin at once to plan for Christmas activities. Last year the circle sent boxes to missions overseas and to the Baptist Children's Home at Round Rock.

The circle also plans to visit the elderly and to try to work with language groups. Mrs. Lucius Hill is president of the WMU of the church.

Bait Fishing Hole To Save 'Looking' Time

Fishermen can save themselves a lot of time looking for fish if they will bait a fishing hole says Marion Toole, inland fisheries coordinator for the Texas Parks and Wildlife Department.

Toole says there are two ways to bait a fishing hole-first, by providing fish a place to hide, or second, by providing them with food.

Crating fish habitat is a simple procedure, according to Toole. Willow limbs with butts about two inches in diameter are the best material for fish habitat. These limbs can be wired together, weighted with rocks and sunk in about 12 to 18 feet of water.

Toole says skin-diving biologists have checked such brush piles at fishing piers and marinas and found "a crappie's head sticking out of every available space."

Fishermen can also attract fish by sinking bales of alfalfa, banana stalks, and bags of fermented maize (for carp).

Toole says the decomposition of organic material is the beginning of a food chain. Microscopic organisms attract minnows, then larger fish come to feed on the minnows. Toole says there is no reason why the fisherman shouldn't be waiting at the end of this food chain.

President Johnson has designated the week of November 22-28 as 1968 National Farm-City week, according to Gilbert Kretschmar, chairman, Little River-San Gabriel Soil and Water Conservation District.

Many communities throughout America will be having special observance programs. The week is sponsored nationally by Kiwanis International in cooperation with soil and water conservation districts.

"Farm-City Week this year focuses attention on the quality of our resources—our environment," Kretschmar said. "While resources are of special concern to conservation districts, these elements of our natural environment are of critical importance to all people whether they live in the city or the country."

Kretschmar said the event is an example of the recognition given by civic clubs and other town and city groups to the interdependence of farm and city people.

He noted that President Johnson, in his proclamation of National Farm - City Week, said the quality and quantity of our resources in the next century depends on planning for uses of the countryside and developing town and country economies.

"Individual lives will be shaped, too, by whether our core cities are restored and whether suburban growth is translated into durable and desirable forms of community development," the President said.

"Our major tools for achieving these goals are: an agricultural capacity for abundance never before attained by any nation; and a vigorous economy with a gross national product this year of around \$850 billion dollars, the largest in the world," the President said.

Kretschmar suggested that Farm-City Week events might include joint efforts by farm organizations, civic and business groups, youth and women's clubs. Orderly development of Texas' urban open spaces, pollution control, flood prevention, rural recreation and nature areas, high-way beautification and wildlife protection were listed by Kretschmar. Community resource projects need local action, he said.

"Such projects involve town folks as well as country residents. Soil Conservation Service technical staffs, located in nearly every county in Texas, are available to help the planners. Other Federal and state organizations are also geared to offer specialized aid," the official said.

County Agent's Notes...

Fertilizer Can Be Applied Now

By J. D. Moore

According to A&M agronomists, phosphorous and potassium can be applied well ahead of planting with little reduction in availability as compared with the same application at planting. Phosphorous in fertilizers is soon converted to new forms in the soil and does

not move unless the soil is disturbed by plowing or disking.

Potassium is also held by soil particles and does not move except in sandy soils low in clay and organic matter. Therefore the latter group of soils would be an exception with respect to applying potassium too far ahead of the time it would be used by a crop.

The big question about fall and winter fertilization concerns nitrogen. Can nitrogen be stored in the soil? What about losses and reduced efficiency? Answers to these questions will vary with soil properties, temperature and moisture condition, according to our soil specialist.

Ammonium nitrogen is held by clay particles and generally remains near where it is placed in the soil. Therefore the objective in early nitrogen fertilization would be to use ammonium and keep this form throughout the storage period. As you know, bacteria converts ammonium to nitrates, once in the soil.

This rate of conversion is influenced by a number of factors, especially the temperature. It is important to wait until soil temperatures are below 50 and 55 degrees Fahrenheit so that a minimum amount of the ammonium applied will get into the nitrate form until the soils warm up prior to planting. Then too, nitrates can leach from a sandy type soil under heavy rainfall conditions.

Another possible loss of nitrate nitrogen is through denitrification. This takes place in soils that stay extremely wet for long periods. When water fills the soil pores, air is excluded. When such condition develops, a special group of bacteria can remove the oxygen from nitrate (no3) allowing the nitrogen to escape as gas. Therefore the objective of fall nitrogen fertilization would be to use and keep the ammonium form during the winter.

Most of our farmers will prepare their land in the fall, apply an application of 11-40-0 or its equivalent into the seedbeds, plant on this bed and apply the nitrogen as a side dressing after the crop

is planted. Nitrogen applied in this manner should not be knifed in too close to the plants to prevent root pruning. In fact, the nitrogen could be applied directly in the middle equally between the plant rows.

ARSENIC POISONS CATTLE

Dr. Tittsworth, local veterinarian, reports the loss of a large number of cattle on a stock farm in the Rosebud area due to tank water contamination.

The contamination occurred as the result of arsenic acid accidentally syphoning from a cotton defoliating tank back into a source of stock water. Farmers and stockmen are cautioned to use every safety measure in handling any form of arsenic or other dangerous chemicals.

Screwworm cases continue to be reported in Milam County. Several cases were identified last week and stockmen are urged to take steps to prevent further spread of this insect by treating exposed wounds on their cattle and send in samples of all worms occurring on their farm.

More than 8,000 cases have al-

Flu Shots Urged For Senior Citizens

Medical authorities recommend immunization shots for influenza, especially for people older than 65 years.

People with chronic illnesses and those in nursing homes or comparable environments should make a special effort to be immunized, says Minnie Bell, Extension family life specialist for aging at Texas A&M University.

Ideally, the shots should be completed by early December, she says.

Two types of influenza vaccines are available. Each fights a type of flu which usually occurs every several years.

Some localities have free flu shots. For details, Miss Bell suggests contacting Senior Centers, local hospitals, county health offices and clinics.

ready been reported in Texas as compared to about 800 cases reported last year.

Heare Named As TIC Consultant

Jerry Wayne Heare, formerly manager of the Seguin Chamber of Commerce, has been appointed as an industrial development consultant for the Texas Industrial Commission, Austin, it was announced by James H. Harwell, executive director of the Commission. Heare's primary area of responsibility will be South Texas. Heare, a native of Amarillo, is a graduate of the University of Texas with a Bachelor's degree in Sociology. He is also a graduate of the Institute for Organizational Management. While attending UT, Heare worked as a statistician for the Governor's Committee on Education Beyond High School, and later as a research analyst for the Texas Commission on Higher Education.

As an industrial development consultant for the Texas Industrial Commission, Heare will be based in Austin, but will travel extensively throughout South Texas, offering the services of the Commission to communities which are seeking new industry through industrial development programs. The Texas Industrial Commission, as the agency responsible for furthering industrial expansion in the state, carries out national advertising of Texas' industrial advantages, impartially assists out-of-state industries in finding suitable plant locations, and consults with and assists communities of all sizes to start and improve lo-

Best Place After All?

We read daily more on the growing recognition of the U.S. urban-rural imbalance in development. Cameron and Milam County, we believe, have pioneered against this trend for some years. We see editorials about towns the size of Clifton, population 2200 plus, and Marshall, population 25,000 plus, gaining new payroll. We remember Caldwell, population 2200 plus, working so hard in the early '60s to gain the plants they now have. We see wire service reports such as a recent AP release about Johnson City, Tenn., which organized and reversed a declining population in recent years. We read a UPI release about Gov. Elect Preston Smith, endorsing a program "of rural industrial development, concentrating on job-training facilities, which will offer industry skilled and willing workers." We note President Johnson's concern that this shift "means that millions of Americans feel deprived of a fundamental human right: The right to live

where they choose." We see studies documenting the fact that more poverty is in rural and small-town America than in the cities, which are supposed to give all who go there a new, better life. We witness the fact that 30 plus states, primarily less - populous states, outvoted a Presidential candidate, who carries most of the urban, industrialized states. And we see the enormous potential of technical centers like Connally Tech in Waco, now up to about 1500 students in about 50 industrial sequences. It is apparent that a relationship between major city catastrophe and rural-small town decline has dawned in the public eye. It is predictable, now, that something will be done about it. Perhaps it will be further established that small towns with basic services and facilities intact, during the next decade, are best place for people after all.

Texas Voters Endorse Demo Standard Bearers

By Vern Sanford

AUSTIN General election day was a rosy one for statewide Democratic contenders. Not only did Texas endorse liberal presidential candidate Hubert Humphrey, but also all statewide Democratic standard bearers. No incumbent congressmen lost their jobs and the partisan lineup in the state legislature remained just the way it is.

Preston Smith of Lubbock won the gubernatorial race with about 57 percent of the votes over his opponent and first-time candidate GOPer Paul Eggers of Wichita Falls.

Ben Barnes, 30, of DeLeon will become the youngest lieutenant governor in history by virtue of his overwhelming triumph over Republican Doug DeCluit of Waco. Barnes was the top statewide vote-getter on the ballot.

All incumbent statewide officials seeking re-election won handily. In congressional races, three Republicans seeking new terms had no great trouble, but none of their colleagues seeking to unseat incumbent Democrats was successful. Congressional lineup remains 20 Democrats to three Republicans.

Eight Republican state House members were elected — four incumbents, four newcomers. Three incumbent GOPers were defeated. Two GOP state senators were re-elected. Lineup remains 142 Democrats to eight Republicans in the House, 29 Democrats to two GOPers in the Senate.

Boasting that no other state can compare with Texas "regarding its support of, loyalty to or victory for the Democratic party," former State Democratic Committee Chairman Will D. Davis observed: —Texas is the most populous state to have a Democratic governor and only one of 10 largest to have solid statewide Democratic administration.

—Texas was the only one in the southern and southwestern regions to give Humphrey plurality; and only Texas, Washington and Hawaii west of the Mississippi voted for the Democratic presidential nominee.

AMENDMENTS DEFEATED Voters showed they are in an economy frame of mind in their decisions on 14 proposed state constitutional amendments.

They voted November 5 to cut out the state property tax, but they refused to go along with raising the state's public welfare ceiling from \$60 million to \$75 million a year or to increase legislators' salaries from \$4,800 to \$8,400 annually.

Approved were changes in state employees' pension system, university fund investment liberalization, removal of the \$504 ceiling on contributions to teacher pensions, wiping out the property tax and clarification of a legislator's eligibility to run for other office by virtue of the termination date of his elective term.

Texans turned thumbs down on tax exemptions for warehouse-stored property, El Paso local governmental consolidations, Dallas road bonds, tax aid for Texarkana tobacco merchants, state contract changes, tax benefits for anti-pollution equipment purchasers and industrial bond issues.

NEW JOBS ANNOUNCED Gov.-elect Preston Smith announced as his first staff selection James P. Oliver, formerly of Cal-

well, to serve as executive budget director after the new administration takes over in January. Oliver currently serves as assistant director of the Legislative Budget Board.

Walter N. Corrigan of San Antonio is new chairman of Texas Research League. C. I. Wall of Amarillo is vice-chairman, and Grogan Lord of Georgetown was renamed secretary-treasurer.

C. C. Miller of Dallas is chairman of University Interscholastic League Legislative Council and B. E. McCollum of Port Neches is vice-chairman. Glenn Biggs, formerly of Abilene and one-time executive assistant to House Speaker Barnes, has been appointed president of National Western Life Insurance Company.

HILL-BURTON FUND Texas Animal Health Commission has changed its attack on hog cholera in Texas by de-emphasizing the cure which has turned out to be a cause of the disease.

Commission has been depending on the modified live-virus vaccine

ATTACK REDIRECTED Texas Animal Health Commission has changed its attack on hog cholera in Texas by de-emphasizing the cure which has turned out to be a cause of the disease.

Commission has been depending on the modified live-virus vaccine

Smaller amounts went to facilities in Waco, Lone Star, Jacksonville, Floresville, Hempstead, El Paso, Robert Lee, Coleman, Sterling City, Midland, Greenville, Corpus Christi, Wichita Falls, Dallas, Houston and Fort Worth.

Hill-Burton funds pay up to half the cost of construction - modernization work.

RECREATION FUNDS Texas is due to get \$1.7 million of \$45.7 million in funds for acquisition and development of outdoor recreation facilities approved by Bureau of Outdoor Recreation, U.S. Department of Interior.

Allocations are made largely on basis of population, federal resources and programs and out-of-state visitors use. States must match the grants 50-50.

BLUE LAW SUIT Texas Supreme Court has heard the first arguments for and against Penal Code Article 236a, which prohibits the sale of certain listed items — covering just about everything — on consecutive Saturdays and Sundays.

Secondly, the Commission amended its regulation that all hogs entering the state must have been treated with the modified live-virus vaccine. New requirement will be the use of the inactive serum alone.

So, the Commission approved a new requirement that all hogs leaving a market for destinations other than slaughter be inoculated with inactive serum. Then, if the owner wants to use the live virus, he may.

On the whole though I'd say the level of the current crop of politicians is about the same as the current crop of kids, or their parents or their grandparents.

Let's face it, it's all we've got to work with.

Yours faithfully,
J. A.

Running for office is sort of like raising children. It used to be that there was a profit in a kid, he made a good farm hand free of charge from sunup to sundown from the time he was 6 till he got big enough to catch on and pick up and move to the city.

Nowadays, though, there's very little profit in say a Congressman's or a Senator's or a Governor's salary, yet people keep on running for the jobs.

It leads you to believe that there are other returns from the office than the salary, although maybe not altogether in the same category as the returns from raising kids.

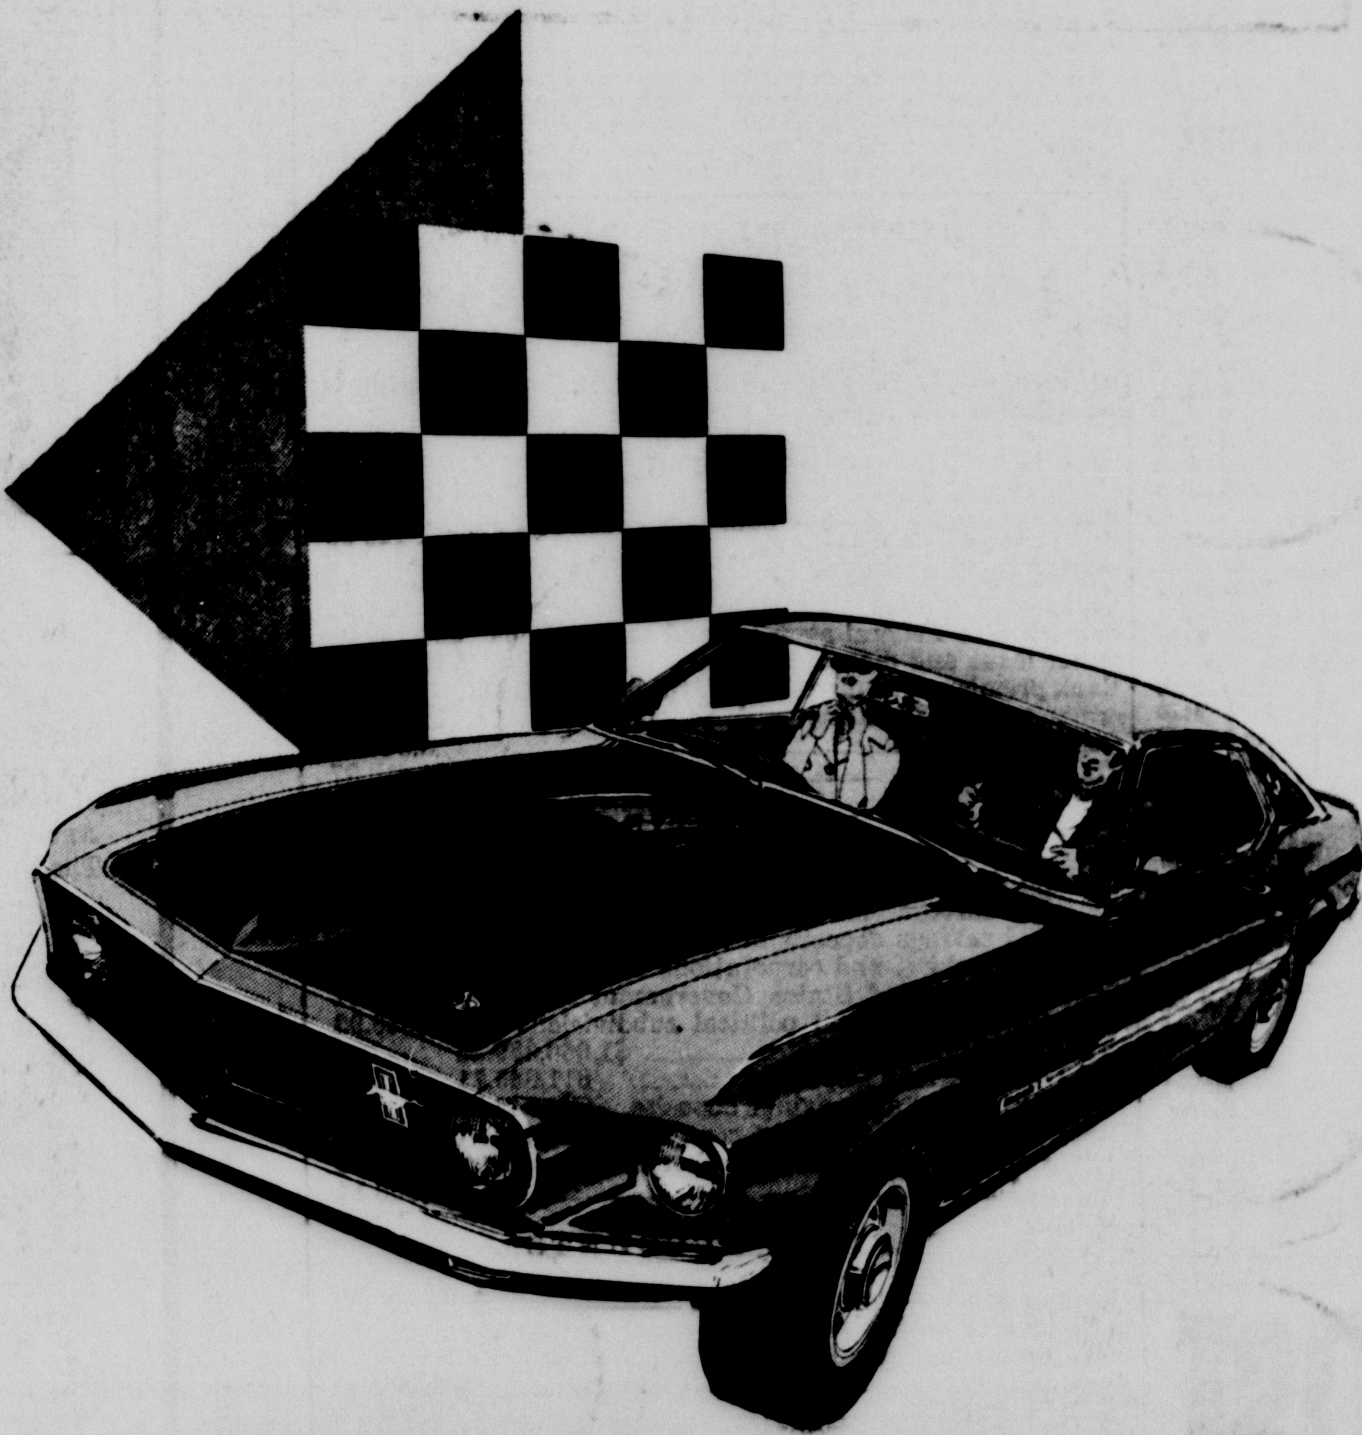

According to it, the politicians, from the local level to the White House, spent around \$300 million running for office this year.

Now a lot of people say that's too much, that it doesn't make sense to spend say a million dollars seeking a job that pays \$25,000 a year, or 20 million for a job that pays \$100,000.

But take that a lot of money, but did you know that if the 200 million people in this country all went out to dinner tonight and ate \$1.50 worth apiece, not including the tip, it'd amount to \$300 million?

Show me the candidate that's not worth at least \$1.50.

—LEGAL NOTICE—

THE STATE OF TEXAS,
COUNTY OF MILAM.

NOTICE OF SALE

By virtue of an order of sale and execution issued out of the District Court of Milam County, Texas, on a judgment rendered in said Court on the 9th day of October, 1968, in favor of The First National Bank in Cameron, Texas and against H. Gillis Graham, in the case of The First National Bank in Cameron, Texas, Plaintiff vs. H. Gillis Graham, Defendant, number 15966 in such Court, I did on the 30th day of October, 1968, at 4:00 o'clock P.M., levy upon the following described property of the Defendant, H. Gillis Graham:

All that certain lot or parcel of land lying and being situated in Milam County, Texas and being out of and a part of the W. W. Lewis grant and being a portion of what is designated as Block No. 4 of the C. S. Terry Subdivision of a portion of the W. W. Lewis league and being a portion of the lands conveyed to grantor by W. J. Weideman and wife, Mary Weideman by deed dated December 9, 1947 and of record in Vol. 259, Page 82 of the Deed Records of Milam County, Texas, the portion of said lands here conveyed being particularly described as follows, to-wit: Beginning at the S.W. corner of a lot heretofore conveyed to Joe Trdy by J. R. Severs and wife, Addie Severs for the most westerly NW corner of this: Thence in a southerly direction 100 ft. to the most westerly S.W. cor. of this: Thence in an easterly direction and parallel to the North line of said lot 4 of said Terry subdivision, 120 ft. to an inside corner; Thence in a southerly direction parallel to the west line hereof 90 ft. to the most southerly S. W. corner hereof; Thence in an easterly direction and parallel to the North line of said Block 4, 689 feet more or less to the East line of said Block 4, same being the west line of the T.&N.O.R.R. right-of-way; Thence in a northerly direction with the west line of said T. & N.

O.R.R. right-of-way to the north line of said Block 4 for the N.E. corner of this: Thence in a westerly direction with the north line of said Block 4, 556 feet more or less to the N.E. corner of said Joe Trdy lot; Thence in a southerly direction, 130 ft. to an inside corner; Thence in a westerly direction and parallel to the north line of said Block 4, 120 ft. to the place of beginning.

And on the 3rd day of December, 1968, being the first Tuesday of said month, between the hours of ten o'clock A.M. and four o'clock P.M. on said day, at the Courthouse door of said County, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said H. Gillis Graham in and to said property.

Dated at Cameron, Milam County, Texas, this 30th day of October, 1968.

s C. C. Black, Sheriff of Milam County, Texas 34-3c
